

infiniti

Furniture, graphics & signage for commercial interiors projects.

Davidson House | Aberdeen

infiniti

Based in Glasgow, Infiniti source and supply furniture for a wide range of commercial interiors projects including: offices, bars & cafes, hotels and student accommodation. We work directly with some of the best manufacturers of quality, well designed furniture in the UK and Europe.

In addition to supplying furniture we design interior graphics for wayfinding, glass manifestations and wall art which we can install as signage to complete a project or add life to a space.

We work collaboratively with architects, interior designers, project managers, surveyors and clients to achieve the right balance of quality, value and design for each project.

We have a real passion for the clients we work with, the projects we work on, the products we supply and the results we achieve.

We are always happy to sit down with a good cup of coffee and come up with some creative furniture, graphics and signage ideas for new projects, so why not give us a call?

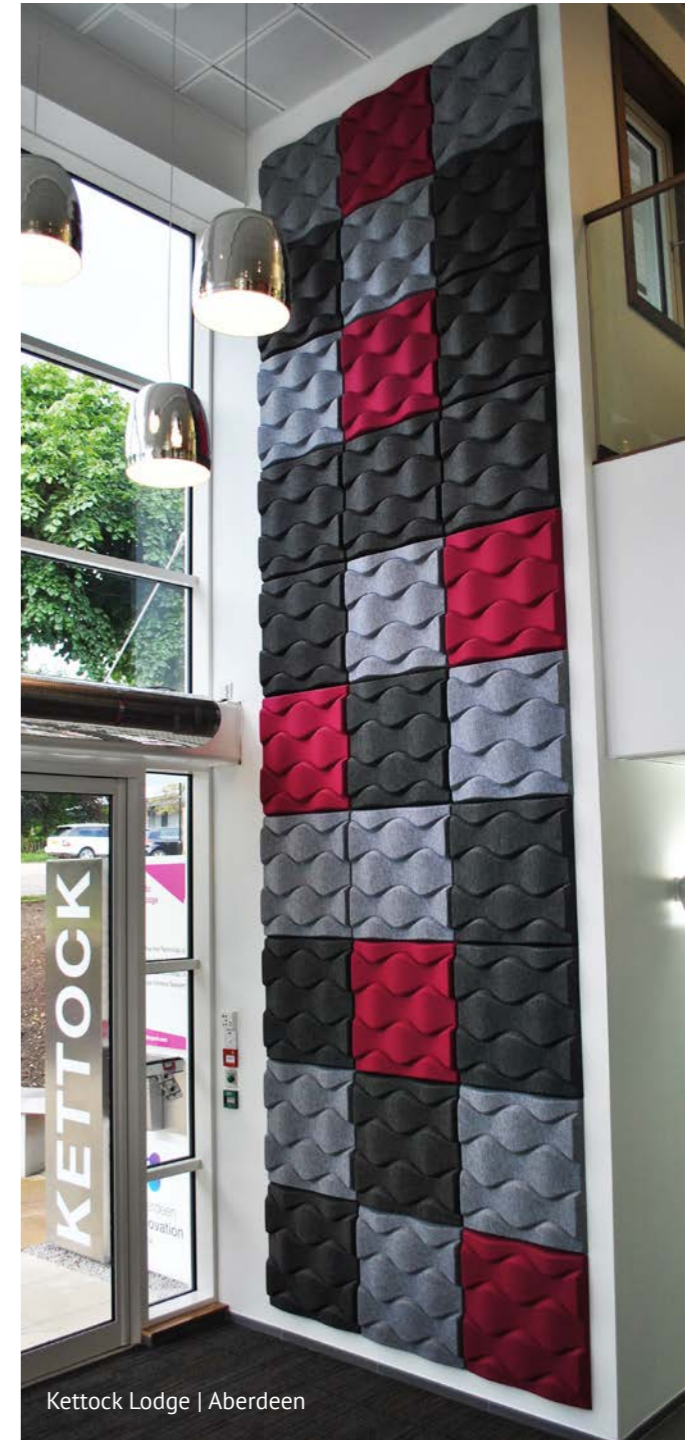

Cafe Create | Glasgow

Bellahouston Business Centre | Glasgow

Mentholatum | East Kilbride

Kettock Lodge | Aberdeen

Livingston James | Glasgow

Davidson House | Aberdeen

Private Office | Glasgow

Skypark 1 | Glasgow

We hope you've enjoyed seeing some of our recent work and if you'd like to learn more about what Infiniti does or what we can bring to your project then please get in touch.
